Community Action Partnership of San Bernardino County (CAPSBC) is inviting community members to participate in local conversations on poverty and economic security scheduled throughout San Bernardino County. The purpose of the conversation is to gather input on conditions and causes of poverty; the needs of the low-income community; as well as identify programs to address those needs.

The information will be presented at the San Bernardino Poverty Symposium and included in the 2008-2009 Community Action Plan that will outline and prioritize CAPSBC's resources in assisting the low-income achieve self-sufficiency.

Input from low-income persons/families in other areas will be obtained through needs assessment surveys that will be distributed to Food Bank distribution sites, Home Energy Assistance Program (HEAP) Outreach Clinics, and other social service providers.
